Meet Kieran Pope Assistant Headteacher SEND and Inclusion

Kieran arrived at Lamledge School in 2022, after spending some time within a variety of mainstream settings, across Primary and Secondary education. During this time, Kieran held various roles across subject leadership, phase leadership and school improvement, as-well-as leading across SEND, as SENDCo, over two schools. The varying roles that Kieran has held during his career has strengthened his knowledge around inclusion and developed his expertise in how a school can promote an inclusive education, with a person-centred approach to learning at its core. Kieran initially joined Lamledge School as whole-school Special Educational Needs and Disabilities Coordinator and now holds the position of Assistant Headteacher, for SEND and Inclusion, to support the accessibility to education for pupils and to foster strong relationships with internal, and external, professionals working around pupils at Lamledge School, whilst supporting parents/carers in this journey.

Kieran is passionate about promoting great educational outcomes and personal experiences for the pupils at Lamledge School, and recognises how inclusivity to learning provides a key role in allowing the school to achieve this essential aim for its pupils. Kieran is looking forward to contributing to the Senior Leadership Team of Lamledge School and supporting teachers in delivering exciting, multi-sensory learning, centred around meeting individual pupil needs and deployment of effective Quality First Teaching.
